### GRIMSBY MAN HAS TELEVISION

John Fanson Of Grimsby Radio Shop Has Built A Set That Actually Works—Spent Six Months At The Job—Machine Is Very Complicated And Mighty Technical For The Ordinary Citizen.

They said at one time, that it was quite impossible to even dream of one person talking to another over a wire, and a box of stuff which in an improved form is the telephone. They laughed when without even the use of wires, little crystal sets picked up voices and music right out of thin air. It just couldn't be. But it was and it is, and it was not very long ago that technicians delved into the possibilities of picking up images out of that same thin air, and watching the antics of some person or person in some distant point while sitting in your favorite chair in your own living room.

Well these guys who monkey around with all this sort of stuff fail to get aroused at the laughter tossed their way, as they fathom the intricacies of radio and now television. They pardon our ignorance of such technical matters as volts, transformers and a hundred other gadgets that play some part in the receiving set of a television screen. A few weeks ago our neighbor, John Fanson, who operates the Grimsby Radio right next door to The Independent invited us in to see a television show from Buffalo, WRENTV. John was quite calm about the fact that finally after some five or six months of patient indulgence, he had mastered to a degree this thing called television, and was now able to pick up nightly programmes from this Buffalo station.

### BIG INCREASE SHOWN IN PEACH PROCESSING

In 1930 The Pack Only Totalled 3500 Tons. Since Then A High Of 20,000 Tons Has Been Recorded.

(By Howard Crates, in The Niagara Fruitman)

Looking back, we see some progress in peach moth control by the use of DDT. This has been used by growers and the Experimental Farm in different ways and at different times. Certainly those who systematically carried through a complete spray program obtained very decided results which made for a keen market for their peaches. It is to be hoped that as a result of these two trials a program will be evolved that everyone can rely on for protection if thoroughly done. I understand there is to be a special meeting at Vineland again this fall to discuss this very important question.

Growers are remarking these days how little brown rot appeared this year, which, of course, was the result of having so rain. This is the kind of season that British Columbia.

(Continued on Page 3)

### AMBULANCE SERVICE WILL BE PROVIDED

George Upper Of Beamsville Taxi Puts New Combination Vehicle Into Service—A Right Smart Job.

George Upper, who operates the Beamsville taxi service has added a new service to his already busy taxi business. It is a special ambulance service for the use of the public.

He has recently purchased a new taxicab which is a combination taxi and ambulance. The centre post between the two doors on the right hand side of the car is not a permanent post but is attached to the rear door. When the doors are closed the post is locked at the top and the bottom to the car frame. When unlocked the post swings outward with the two doors. Thus the whole side of the car is one big open space. One half of the front seat is removable as is one half of the rear seat thus allowing a chrome steel frame cot on wheels, to be placed in the full length space of the vehicle. Two different size cots are provided. This new service will no doubt be found of great convenience by the doctors, police and general public of this district.

## More About Old Marlatt Tavern

(By HOLLIS)

Since our last dip into history, more items about the Isaac Marlatt Tavern have come to light, several from the Abstract of Title from which we were permitted to take notes.

Because the line between Lots 9 and 10 cuts right through it, the plot of land on which this building stands stems from two Crown Patents, one issued to Nathaniel Pettit, dated 15 December, 1796, and the other to John Green, 31 December, 1798.

The Marlatt Tavern in the 90's. The whole property was then occupied by the late Wm. "Squire" Forbes. On the right is the Post Office. In the centre is the Forbes general store and on the left and upstairs the residence of the Forbes family.

In 1809 that part in which our interest lies came into the hands of William and Abraham Nelles, through John Pettit and Jonathan Woolverton. Then on 28 October, 1843, Wm. Nelles and Ann Nelles, widow of Henry Wm. Nelles, sold it to William Warren Wilson, a prominent builder and cabinet maker at the Forty, for \$100. He was a native of New Jersey, and his great grandson, Fred Schwab, and great great grandson, "Billy" Sullivan, are among his descendants in Grimsby.

The Marlatts came into the picture for the first time in 1855; considerably later, it now appears, than our first information led us to believe. In that year William Wilson sold to Caleb Marlatt for \$750.

Now the other part of the plot, which belonged to the Green Patent, had been handed on from the Greens to the Crooks', and in Nov. 1828, was sold to Ralph Walker, who

Chair and stool once used by patrons of Marlatt Hotel, now in Clarence Shelton's shop.

kept a tavern there. It consisted of 1 acre, 1 rood, and he paid \$31.10 for it. This was the first time any price had been named in connection with the transfer of either of the portions. The day before William Wilson closed the deal with the Nelles family, he purchased this piece of property from Ralph Walker. Did he eventually move the tavern across to the other side of the alley?

Here is an advertisement which appeared in The Hamilton Evening Times, February, 1864:

#### MARLATT'S HOTEL

Grimsby

This old established and well known house is kept in the best style of any on the road, by Isaac Marlatt. Every accommodation for travellers. A good table always, and the best of liquors in the bar.

Grimsby, Feb. 24th, 1864.

### FAMOUS BARRELS ARE SOLD AT AUCTION

Three large barrels were knocked down at an auction sale in Niagara Falls on Friday night for \$2,900 but they were no ordinary barrels. Each had been made specially to carry a man safely through the Whirlpool Rapids of the Niagara River.

The barrels were the property of William Red Hill, son of the famous river man who was the first to negotiate the rapids in a barrel. Because Red Hill is bankrupt the barrels were sold by auction.

One man bid \$250 for the three famous barrels, a bid that was refused by Sheriff A. H. Collet. A taxi driver was also interested and bid against William Shields, the proprietor of a souvenir store. The bidders kept pace with each other, upping the price \$100 at a time until Shields was declared the new owner at a price of \$2,900.

Neither Hill nor any member of his family was present at the sale. It is understood that Shields intends to display the barrels in a souvenir store with Hill or a member of his family to explain the barrels to tourists and recount the stories of the trip. Meanwhile Hill is facing a charge

The building came into the hands of the Forbes family on 23rd April, 1873, when Minnie K. Forbes purchased it from Julia A. K. Marlatt, wife of Percy D. Marlatt, for \$3000. Since the death of Wm. Forbes, the business premises have been occupied in turn by P. H. Gamble, E. S. and Ray Johnson, Mills, Richardson, Baldwin, Jas. I. Theal, Brown & Brydon, Brown, and the present owner, Mel Johnson.

Doorway, former Marlatt Hotel, now Johnson's Hardware building.

It is plain that at least three separate buildings went into the making of the structure as it was when taken over by the Forbes'. The latest portion, fronting on the street, backs up against a large two-storey building, the gable of which juts above the roof of the new front part. Down the alley on the wet side is what looks like an ancient one-storey cottage which has been cut in two and half of it jammed into the angle between the new front and the old back. The panes in the upper part of each sash are the original 6 x 8 inch size. What became of the other half of the cottage? Some of the framing in the front part of the house shows the marks of the adze on two sides, while the other sides have been sawn, indicating that the timbers had been taken from a much older building and sawn to fit the requirements of the new.

In June, 1901, when W. T. Goffe compiled and pub-

Bell which once hung in cupola on roof of Marlatt Hotel.

lished his Illustrated and Descriptive Souvenir of Grimsby, Wm. Forbes' store and post office is shown, but minus the latticed bell cupola on the roof, mentioned in another column.

Isaac Marlatt lies buried, with several members of his family, in St. Andrew's Churchyard. He died in 1876 at the age of 73, and was a boy of nine when the War of 1812 swept through the Peninsula. His father, Paul Marlatt (who is also buried here) and uncles would probably have fought in the campaign. Paul Marlatt was born in 1772, so his childhood, too, was spent under the shadow of war—the American Revolutionary War which resulted in the family migrating to Upper Canada.

## COUNCIL WILL ASK TO HAVE GRIMSBY MADE GAME PRESERVE

### GRIMSBY STILL WITHIN QUOTA

People Must Still Conserve Juice—Beamsville Now Has Two One Hour Cuts Each Day—Oil Lamps And Candles Are Being Used—Rural Areas May Get Further Cuts.

There is no change in the current Hydro shortage, the situation is certainly not improving, but the Town of Grimsby can be definitely listed as one of the very few centres in the whole Province of Ontario as not suffering from power cuts.

Since the crisis developed, officials have constantly stressed the fact that we should not be overly pessimistic about our fortunate situation here. The mere fact that we are still staying below the quota is no reason why we can let up one little bit. Actually daily meter readings show that on some days we are coming very close to the quota. To let up now would be disastrous.

Whether or not there will be a further cut is unpredictable at this time. A lot depends on the situation in eastern Ontario. If a good rainfall comes before the frost sets in, then perhaps the present quotas will carry through the winter.

#### Rural Areas Next

The rural areas served by the Beamsville system are at present still taking their half hour cut from eleven thirty to twelve noon. Although nothing positive has been released by hydro officials, it would seem that the rural consumers had better be prepared for additional cuts in the near future. The quota is not being met with this one half hour cut, so don't be surprised if additional cuts are announced shortly.

#### Beamsville Whacked Again

After a week of power cuts in the late afternoon when the working man is coming home to a hot dinner, Beamsville have revised their cuts. Replacing the five to six cut in the afternoon is a four to five break and in addition a 6.30 to 7.30 break after the supper hour. This addition was necessary when it was found that although the five to six break saved around four hundred and fifty kilowatt hours, a saving of a thousand kilowatt hours (Continued on page 3)

### DECORATION SERVICES ARE WELL ATTENDED

Canadian Legion And L.O.D.E. Remember Their Departed Comrades—Many Wreaths Are Placed.

"They are not dead except when we forget them and fail them by forgetting that for which they died."

Under clear skies and with bright sunshine the annual decoration parade of West Lincoln branch 127, Canadian Legion and Lincoln Loyalist Chapter, L.O.D.E., was held on Sunday last. It was one of the largest parades of Legion members and veterans of the Navy, Army and Air Force held in Grimsby in some years.

Headed by the Beamsville Citizens' band the parade moved off sharp on time. Members of both municipal councils as well as members of other organizations were in attendance.

At the Memorial Gates leading into Queen's Lawn cemetery wreaths of remembrance to the gallant men and women of Grimsby and North Grimsby who gave their all were laid. The following wreaths were placed at the foot of the gates.

Province of Ontario—Mrs. R. A. Maeder.

Town of Grimsby—His Honor, Mayor Henry Bull.

Township of North Grimsby—Deputy Reeve John B. Aikens.

L.O.D.E.—Mrs. E. A. Buckenham, Regent.

Women's Institute—Mrs. W. Layton, President.

Ladies' Auxiliary, Canadian Legion—Mrs. R. C. Walters, President.

Lions Club of Grimsby—Mr. C. W. Millyard, President.

Polish Alliance Friendly Society—Mr. John Jublinski.

Canadian Legion—Colonel G. R. (Continued on Page 9)

Game Wardens Would Have Jurisdiction Over Hunters. Thus Stopping Shooting Of Firearms Within The Town Limits—Tests Show Town Water To Be "A"—One Section Of New Disposal Works In Operation.

In special session on Friday night discussion took place on a great variety of questions, some of importance and some that meant nothing. The meeting was called primarily to select and appoint a third constable for the police force. Of four applicants to be interviewed only two were able to be present. The other two were interviewed on Monday morning by the Police Committee and Chief James.

The one applicant interviewed proved to be a fine upstanding young man with a fine police record in Glasgow, Scotland. He wanted \$2,000 a year as he has a wife and four children. He did not wish to accept less and still have to live in Dundas for a considerable period of time owing to housing accommodation. He agreed with council, that if selected and they secured him a house he would consider taking the position at \$1,900 a year.

The second applicant asked for a salary of \$40 a week "take home pay." This would mean that the town would have to pay his income tax and unemployment insurance which would bring the total cost to about \$42.25 per week.

Braid—"What about the cost of living bonus for these men. We should treat everybody alike."

Lothian—"I think that next year's council would consider that, as our bonus expires in December."

Braid—"There is still two (Continued on Page 3)

### THIS ONE WILL GIVE "RED" GRAHAM A SHOCK

Andy Palmer Presents The Independent With A 75 Pound Bag Of Potatoes—Only 42 Spuds.

Andy Palmer, Mountain Top, North Grimsby, gave The Independent a mighty big surprise on Monday morning when he brought into the office a full 75 pound bag of potatoes and the bag only contained 42 Murphys. They are the biggest potatoes that anyone on the staff ever laid eyes on.

These potatoes were grown at Bellwood, Ont., which is a great potato growing district. All potatoes grown are put through grading machines and the abnormally large ones are picked off the machine and along with the little potatoes are fed to the pigs. Government regulations prohibit potatoes of this size to be placed on the market.

This bag of potatoes is on view in The Independent office and can be looked over by any persons that are interested.

### "OLD BETSY ANN" WILL GO TO THE JUNK YARD

Old Fire Truck After 27 Years Of Service Has Been Dis-mantled—New Truck Now In Service.

The new fire truck for Grimsby and North Grimsby has been delivered and turned over to the fire department and is now ready for service if and when called upon.

The truck carries a 400 gallon tank of water and at present is carrying 850 feet of hose but there is room for several hundred more feet on the body. There are still several pieces of necessary equipment to be added.

While the truck carries a 400 gallon tank of water, still, at present it cannot be used as the truck is as yet not equipped with a pumper, and possibly will not be until some time next year.

Unlike the other two trucks that have been in operation this Dodge truck has an enclosed cab body whereas the other trucks were open bodies.

At the present time this truck can only be used in the township where waterworks connections are to be obtained. In the meantime the pumper truck will be used principally for township calls. "Old Betsy Ann" after 27 years of service has been dismantled and will eventually find its way to the junk yard.

### BUILDING RECORD

Building operations in St. Catharines took a decided jump during the month of October with a permit for a \$300,000 Harvest Tool Building at the Welland Vale Manufacturing Company. This and 66 other permits took the total of permits for October to \$431,260 and the total for the year to date to a new record of \$2,071,295. Permits for eleven dwellings were issued during the month, at a total of \$66,500.

Town council meets tomorrow night.

### GRIMSBY WEATHER

Week ending at 8 a.m., Monday, November 8th, 1948.  
Highest temperature 71.0  
Lowest temperature 39.0  
Precipitation 1.05 inches

Town workmen are raking up and hauling leaves away off the town streets.

## THE GRIMSBY INDEPENDENT

Member Canadian Weekly Newspaper Association

True independence is never afraid of appearing dependent, and true dependence leads always to the most perfect independence.

## FACTS &amp; FANCIES

Frank Fairborn, Jr.

## BE CAREFUL WITH LIGHTS

In these days of electric power cutoffs, many people are turning to the makeshift use of other forms of lighting. Old-fashioned kerosene lamps are being dusted off and polished for the daily emergency. Lamps burning gasoline and calcium carbide, otherwise known as acetylene gas, are being rescued from cellar dumps and put into service. Even candles, not recommended from the point of view of safety, are shedding their cold gleam.

These various alternatives to electric light have one thing in common—they are dangerous if carelessly handled. Moreover, many who have adopted them are inexperienced in their use. We are all so accustomed to switching light bulbs on and off in perfect safety, it may escape our attention that open flames need to be handled more gingerly. So do acetylene and gasoline. The Independent Fire Insurance Conference this week published advice on the use of portable lamps and explosive fluids. "New and dangerous hazards to life and property," as the advertisement pointed out, are involved in these unfamiliar lighting arrangements.

Eight cautionary rules, all worth noting, were given for our guidance. They add up to the well-known advice: Better be safe than sorry. Be careful with your emergency lighting.

## SEASONAL NOTES

You cannot seal your house against a neighbor's wood smoke. It will come in around the windows, weatherstripping to the feeble contrary. It will come in through the kitchen doorway with the seasonally frisky cat. It will go down the cellar bulkhead and up the inside stairway while you are taking in the lawn furniture.

But surely its broadest highway is on some lofty air current between chimney tops. Over it comes from your neighbor's chimney and down your own. Visible evidence to support this conclusion is not called for. The proof is in your own fireplace. Light it. Pile on birch and oak, or maple or cherry. No longer the smell of your neighbor's wood smoke; only the upward curling spiral of your own, and a clean warmth on your face, some forgotten summer's sunshine stored in trunk and branch and now released.

That, and the satisfying thought that your wood smoke may be causing some heretofore procrastinating neighbor to set a match to the neat arrangement of paper and chips and logs that has stood undisturbed since late last spring in his own fireplace. Now you are the aggressor—or benefactor, as you will.

## HAZARDS OF WALKING AT YEAR'S PEAK

If you are over 65, watch your step during the next two months. According to a release issued by the Department of Highways today, November and December are the danger months for older pedestrians. Of the 57 pedestrians killed in motor vehicle accidents during these months last year, 33 or almost 60 percent were over 65 years of age.

An examination of the circumstances of these 33 fatal accidents showed that two-thirds happened after dark, more than 50 per cent involved "jay-walking" (crossing between intersections, against the traffic signal, or stepping out from behind a parked vehicle), and of the remainder, eight of the older pedestrians were fatally injured when crossing rural highways.

The weather, light and road conditions which contribute to the peak accident totals in November and December make increased care in driving and walking of utmost importance. Since, however, it is the pedestrian who comes off second best in an encounter with a motor vehicle, he should be prepared to go more than halfway to avoid such an encounter. Even when driving carefully and at a speed wholly consistent with prevailing conditions, a driver requires an appreciable amount of time and space to bring his vehicle to a stop. There is also the fact that while the pedestrian may see an approaching vehicle, the driver may be unable, under certain conditions, to see the pedestrian, especially if the latter is wearing dark clothes.

Having in mind these driver handicaps and the special hazards of the fall and winter season, there must be a large degree of co-operation between motorists and pedestrians. Motorists must drive at reduced speeds and with extra care to offset the added dangers. The pedestrian must assume a large share of the responsibility for his own safety. If it is necessary to walk on the highway where there is no sidewalk he should walk on the left-hand side, facing traffic. At night, he should wear or carry something white so he can be more readily seen. In cities and built-up areas he should cross streets at intersections, not between blocks, and he should be especially careful to avoid walking out from behind parked vehicles. Safety is everybody's business.

## FREEDOM OF THE PRESS

Newspaper editors, who as a class have a sense of duty towards their calling unsurpassed by that of any other profession, including the clergy, must frequently meet problems of conscience in their handling of news. The freedom of the press is axiomatic, but the manner in which that freedom is used is an ethical question.

There would be few problems if the average reader of the paper were as intelligent as the editor. To take an example, when John Jones, a labor leader, is promoting a strike in the Blank Company's factory, he may issue a statement asserting that wages and working conditions in the factory are deplorable, that the Blank Company are bloodsuckers and grinders of the faces of the poor and that his followers will stay out on strike until their demands are met to the last cent. The fact that Mr. Jones makes such a statement is news, and the editor uses it as such, making it clear that Mr. Jones and not the newspaper is responsible for the truth or false-

hood of what was said. If the Blank Company wishes to answer Mr. Jones, the rebuttal is all news and will be published.

But to average reader, perhaps a little to prone to believe what appears in print, may quite easily miss the qualifying phrases that clothe the attack on the Blank Company. To him the news may be that the company is all the disagreeable things that Mr. Jones has called it and at the same time that Mr. Jones has a certain gift of invective. The reader who accepted Mr. Jones' statement as true will be less receptive towards the Blank Company's rebuttal. Acceptance of that would cause him to change his mind, always an inconvenient process.

If the editor believes that Mr. Jones has been unfair and untruthful in his attack on the company, he may refuse his statement or he may point out its errors in an editorial. Either course will annoy Mr. Jones and his partisans and provoke the charge that the paper is a tool of the big interests and is misusing the freedom of the press.

Until a race of intelligent newspaper readers is developed, who will read all statements with a cautious scepticism, whether the source is a labor leader, a government spokesman or Premier Stalin, the editor who wishes to keep his paper both truthful and impartial will have to submit to misunderstanding of his motives and his actions. It may be that development of the intelligent reader is under way. If so, the communists may be thanked for it. No one who is not hopelessly prejudiced in favor of Russia can read the statements from Moscow without recognition of their basic untruth. It is only a short step from this recognition to a suspicion that, when a Canadian labor leader talks in the terms of the Cominform, what he says is probably no more worthy of trust.

## EDUCATION WEEK NOVEMBER 14--20

## THE SCHOOL EMPHASIZES SPIRITUAL VALUES

Without ideals and moral standards the world would soon become a sorry place in which to live. A full and satisfying life involves the pursuit of more than just material gain. The school shares with parents and with religious leaders the task of awakening youngsters to the importance of all that is highest and finest in life.

A vast country like Canada has plenty of room for differences of emphasis in spiritual matters. But there are certain concepts, principles and ideals which all our Canadian cultures and religious communities hold in common.

Among these are:

- The Brotherhood of all men under the Fatherhood of one God.
- Charity and the Golden Rule.
- Justice and Fairness to all men alike.
- Self-respect and Respect for the rights of others.
- The Dignity of the Human Individual.

Our children are under the care of schools and teachers throughout most of their waking hours. The teacher has, therefore, a large share of the task of teaching spiritual values. No higher duty exists for Canada's schools and teachers than to help translate these abstract principles into real living habits and practices for each one of our three million school-pupils.

## THE SCHOOL TEACHES RESPONSIBLE CITIZENSHIP

We are not born responsible citizens: we are not even born with the ability to get along with our brothers and sisters.

We have to learn these things. Before we reach school age our ability to learn anything not obviously connected with immediate need is severely limited. After we leave school it is often too late to change habits already formed. While we are at school, we have both the opportunity and a growing amount of ability to learn how to get on with other people, and how to take an active part in community, provincial and national life.

A responsible citizen is:

- a good neighbour—one who understands the other man's point of view;
- one who respects the rights of others;
- one who knows that every privilege has a corresponding responsibility;
- one who understands how democracy should work in his community, province and nation, and in his daily life—and takes part in it;
- one who respects the democratic process, the laws that it produces and the properly constituted authorities who see that they are carried out.

The foundation of good citizenship is good human relations. The school teaches tomorrow's citizens how to get along with one another.

## THE SCHOOL DEVELOPS THE COMPLETE INDIVIDUAL

Our youth must go, at the end of their school-days, into a world that will be far more complex than it was in our grandparents' times, or even nowadays.

The school must, therefore, teach much more than just the fundamental skills like reading, writing and arithmetic.

These three are necessary, but

alone they are not sufficient.

The school prepares youth in every possible way for a full and satisfying life. The school develops:

- a sense of values
- a spirit of team-play
- acceptable personal habits
- adequate general knowledge
- intelligent choice of occupation
- ability to do useful and satisfying work
- intelligent use of leisure time
- above all, the ability to think clearly; to express oneself clearly; to make one's own decisions.

## THE SCHOOL PROMOTES NATIONAL HEALTH

The school promotes national health by emphasizing that the individual pupil's personal interest in health matters reacts to the benefit of others—including his family, the community and the nation at large.

By emphasizing the value of health and instructing pupils in—

- personal cleanliness
- care of the teeth
- the value of nutritious foods
- by teaching an understanding of public health measures—because such understanding is necessary to the success of such measures, which provide for—
- pasteurization of milk
- sterilization of drinking water
- immunization against preventable disease

By supporting the work of such voluntary organizations as the Health League of Canada, and by drawing the attention of the pupils to such national health projects as—

- National Health Week
- National Immunization Week
- By promoting adequate education for modern life—a necessity where many phases of health, particularly the mental health of the nation, are concerned.

## THE SCHOOL NEEDS THE SUPPORT OF PARENTS AND PUBLIC

Perhaps the most fundamental principle in a youngster's upbringing is CONSISTENCY. If a preschool child is told one thing by Mother, and a different one by Father, he becomes confused and does not learn. If he is taught one thing at school, and the opposite at home, he cannot learn. If the youngster acquires an unreal picture of the world, he cannot adjust himself when he goes out into adult life.

If these things do happen neither teachers nor parents nor public are individually to blame.

Education is a co-operative endeavour. Teachers, parents and public must work together all the time—the one cannot function without the help of the others.

This involves:

- a spirit of partnership in great enterprises;
- a desire to learn about the other partner's problems;
- teachers to learn about parents;
- parents to learn about teachers;
- and the community to learn about the school.
- constructive criticism, given in a friendly way, and accepted as such;
- pride in the school as part of pride in the community.

The future generation will get the most out of its schooling if the school is a place that pupils want to attend. Conditions should be as good as in the best homes in the community.

## THE SCHOOL NEEDS QUALIFIED TEACHERS

We do not place a sick child in the care of someone with no medical training.

Should we then entrust our children for six hours a day to a teacher who is not adequately trained for the task?

Is not schooling just as important as any service we receive from any profession?

Do we not want teachers who are skilled both in teaching their subjects, and in dealing with pupils? Do we not want superior leaders of men to inspire our youth?

The future of Canada requires that teachers be qualified in every sense of the word:

- by educational background
- by personality
- by experience

As long as there are communities in Canada where parents and the public do not insist on getting qualified teachers, many of the best potential teachers will go elsewhere for employment. The unqualified teacher lowers standards, not only in the school where he is teaching, but also by the effect his very existence has on the prestige and attractiveness of the teaching profession as a whole. A life of service like teaching must have prestige and community recognition if it is to attract high calibre people for the biggest task there is to be done in modern Canada.

## THE SCHOOL NEEDS ADEQUATE FINANCES

About two per cent of the national income is spent on Education. This is less than the people of Canada spend on liquor or on cigarettes alone. It is a relatively insignificant part of the cost of living.

Our children and future citizens deserve far more consideration than this. The school's equipment, buildings and teachers form the most important part of the child's environment at the age when his whole character, abilities and outlook are being moulded.

It has been said that Canada has boundless natural resources. Our nation's future depends, therefore, on the wise use of these resources by our other great asset—our people. Developing the abilities and character of our future population must take first place among all national investments. There is no other use for our taxes that brings more return per dollar expended.

## ARE YOU SATISFIED?

- with the school facilities available to your children?
- with the number of really fine and able people who are going into the teaching profession?

## DO YOU BELIEVE?

- that democracy can function properly only if the opportunity for an adequate education is open to every citizen, rich or poor, in city or country, regardless of creed or ancestry?
- that doubling Canada's budget for education is a vital and desirable objective?
- that money is there; it simply requires more and more business-like education among local, provincial and national governments. Actions you can demand this. It is for children's inalienable right to as good an education as can be obtained anywhere in Canada anywhere else in the world.

All indications point to a record breaking winter for Foggy O'Neil and The Village Inn.

Keep your eye on Gordon Hannah and the Village Inn property. There is a big proposition in the air.

Doris Duke has secured a divorce, which isn't news. The news is the answer to the question: How many does that make?

When the Prime Minister fills the 14 Senate vacancies there will be 140 disappointments among the faithful, no doubt.

I notice that the morning and afternoon Coffee Brigade at the Fruit Belt has a lawyer as a new member. Just wouldn't like to say whether that's a good move or not.

A man was once known to chase a copper 16 miles and while he was chasing it he lost \$100 within 50 yards of where he started from. Use your own judgment as to where this crack applies.

Ma pulled a fast one on me last week. She said "leave that front gate open and then the leaves will all blow off the lawn out onto the street." Now who trained these leaves to all be blown out through the gateway?

This is November 11th. A sign in Jimmy Baker's window tells me that Susie will open her Studio of Dancing on October 9th. I would call this real advance advertising. There's a tip for Carm. Millard and his Lions Carnival.

A large number of town and township residents are in the north country waiting perfectly good ammunition in their efforts to bag a deer. Included in the bunch are Fire Chief Alf. Leffage and Bob Bourne. I'm betting on the Chief.

You just got to hand it to that Beemerville Band. Any time a worthy organization needs their help and assistance they get it. They are a right smart musical organization and a credit to the Village and Township that they represent.

Christmas is coming. So are the January elections. Look out for Bombshell. The Little Man that wasn't there happened to be there in the U. S. Presidential election. Such a thing could happen right here. Never overlook The Little Man.

GREATER GRIMSBY—Counted 17 baby buggies on the north side of Main Street at 4:35 Saturday afternoon, between White's Grocery and The Bowlsaway. All good looking little tykes, too! How could they be anything else when you looked at their mothers. She be a great town.

My information is to the effect that there is an adding machine in the Town Office that is rather a balky animal. I am informed that the blooming thing will only work accurately, with the assistance of a lead pencil, for one person. Is that correct, Chairman of the Property Committee Constable?

It is really amusing to hear some of the younger members of Town Council, who can hardly tell you where Ferguson Avenue is in town, trying to argue with Samuel Bonham as to where natural water-course exist. Sammy was here a long time ago. So was Ferguson Avenue, but I doubt if there are three members of council who can tell where it is without consulting Clerk Bourne first.

The Independent is always willing to co-operate, but it is not good policy for Chief of Police James to have to borrow The Independent typewriter in order to make out his reports and handle his correspondence. Some day he is going to get a portion of an editorial mixed up with one of his letters or reports and then the crying pen will be flailing around in the grease. Don't blame that situation on the Chief.

## BIGGEST INCOMES

Doctors make the biggest incomes in Canada according to a report of the Department of National Revenue published in The Financial Post. Their average was \$7,466 per year with lawyers in the second-ranking group at \$6,528.

In third place were architects with \$5,984, followed by dentists with \$5,289. From there on all classes were below \$4,000 a year. At the bottom of the list was another branch of the medical profession, nurses with average earnings of \$1,173.

## OTTAWA NOTE

Climbing Parliament Hill during a steady downpour of rain, a press gallery correspondent saw a sight that seemed incredible. A man, wrapped in a huge slicker, was watering the lawn.

First glancing at the Peace Tower, to make sure that he was truly in Ottawa, the reporter strolled towards the busy gardener, who turned out to be a man on the payroll of the department of public works.

"What's the sense of this?" he asked. The gardener shrugged his shoulders. "I've got orders to water the lawn on Thursdays," he answered.

A small town is the place where a thing doesn't have to be scandalous to be worth mentioning.

## For The Bride

A STORAGE CHEST THAT IS DECORATIVE, TOO

This chest is a far cry from the old fashioned cedar chest, and yet it protects your things just as well. Fashioned of fine veneers, cedar lined, this chest can be used anywhere, singly or double, to add dignity and importance to your room. Beautifully carved, with solid brass drawer pulls.

### Maple Junior Seven-Piece Dining Room Set

Made exactly the way that fine furniture is made... this group will help you create a room of homelike charm, and the maple is sturdy enough to give years of service. It has plenty of shelf and drawer space.

# CONTINUATIONS

### BIG INCREASE SHOWN

bia enjoys almost every year, although this year it has been the other extreme, and for the first time in many years they could not ship east of Winnipeg. In fact their peaches just wouldn't carry satisfactorily outside the province, all because of the rain which carried on through the harvesting season.

I wonder if many growers are familiar with the progress made in peach processing over the past 15 years. Since there are many new growers in the area since that time I feel it is desirable to delve into history and outline some of the facts bearing on that period.

In 1930 the Dominion Government made a treaty with Australia which permitted the importation of canned peaches and other fruits and wine in exchange for manufactured goods and lumber. These peaches were as yellow as gold but poor in quality, and on account of their high colour, extremely attractive. 500,000 cases were imported.

At that time our processors were receiving peaches as green as most growers are presently shipping them, and in order to get the skin off were using a lye solution. The resultant product was such that you rarely could find a yellow half in a can. You can readily see that the Australian peaches posed a problem, which if the industry were to survive, had to be met. This was done by requiring the growers year by year to deliver riper and riper fruit to the processor.

The fruits of all this effort of both the processor and grower is that, whereas in 1930 we processed in all Canada 2500 tons of peaches and faced then heavy importations, we have reached as high as 20,000 tons in Ontario alone, and shut out the Australian imports, not by tariff, but because when we equalled their colour our peaches were so far superior in flavour Australia could not compete. In 1938 our peaches sold at a premium in London, England, market. This is worthy of being placed in the records.

### COUNCIL WILL ASK

months. I think we should be fair to all.

Phasant hunting days last week brought up again the question of the firing of firearms within the boundaries of the town which is prohibited by a town bylaw.

Benham—"Hunters were firing off guns behind homes all over the town. Over in the Fairview section it was not safe for a person to step outside the door of the house. I would like to see this town declared a Game Preserve, then we would not only have control of the shooting of firearms in the town but the Game Wardens would soon put a stop to the hunting within the town of all kinds."

Clark Bourne will write the proper department in Toronto to secure information as to what steps should be taken to have Grimsby declared a Game Preserve.

The question of the account from A. Cope and Sons for \$2,900 for dredging work at the lake in opening the outlet from the Forty Creek into the lake was again up for discussion and at times the debate was pretty hot and fiery. A representative from the Cope firm will be asked to attend the regular council meeting on Friday night to explain the account.

Mayer—"Owing to conditions at the time we were forced to dredge that outlet out. Now it is filled in again."

Hewitt—"Money thrown away."

The "midland" sewer on Melrose avenue in the Aitchison survey was again to the fore. Engineer Ure submitted a report and outlined three ways in which the situation could be relieved by the construction of a subsidiary sewer at the rear of the properties from the west end of Melrose east to Kingsway Boulevard, a distance of 360 feet at an approximate cost of \$5000 or lay the sewer across the properties to the north to Main street; or lay the sewer down over

the hill and through the U.D.L. property to Oak street. Costs of the two alternative plans were not submitted. Council took no action.

Water tests taken in October showed town water supply tested "A," the very highest test possible.

The Gas Referee of Ontario has passed an order sanctioning the recent raise of Natural Gas rates in Grimsby.

Mayer Bull informed council that all fire hydrants had been tested and greased and were in good condition for the winter.

Mayer Bull asked Council whether they were going to leave the new portico on the building over the entrance doors or take it off. He stated that he had been ridden terribly over his appearance by citizens.

Benham—"It looks like the deuce and is absolutely useless as a protection from the weather."

Hewitt—"Take it off. It should cover the whole platform to be of any use."

Braid—"The blue prints were here and if you cannot read the blue prints that is your fault. It can be widened and brought out to the front."

Councillor Constable will take the matter up with Shafer Bros.

Council turned down the suggestion that an advertisement be placed in the Peach Kings hockey programme.

Mayer Bull stated that one section of the new sewage disposal plant was now in operation.

Several of council expressed the opinion that the Waterworks should be controlled by council on account of duplication of working staffs.

### GRIMSBY MAN

On his workshop bench sat a conglomeration of tubes (24) transformers (4) condensers (50) and assorted other bric-a-brac, most of which was made by John himself, while other parts had been salvaged from radar equipment used during the war. Flicking on one of the nine control buttons, the five inch screen flickered a bit, and there before us was some toker making with pantomime, playing the piano, and in general having himself a gay time in the Buffalo studio, while here we were in Grimsby some fifty miles distant.

It reminded us of watching a silent movie, for as yet, John has not got his sound hooked up with the picture part of the apparatus. But he assured us that he would have this completed very soon.

Now, of course, we all are quite aware of the many obstacles still to be overcome, in the field of television, and a few minor ones were explained right then and there. For instance when a bus when past the shop, the picture jumped all over the screen. This type of interference is also caused by some cars with faulty ignitions. In the background we could hear one of The Independent presses clicking away, and this also has a tendency to make John make most uncomplimentary remarks about The Independent's presses.

Fog, rain and, of course, storms all play havoc with the successful operation, but on a good clear night, when a good signal is coming through, the picture is very clear, and one can certainly realize how great will be our pleasure when the day comes that television will be a part and parcel of our homes.

It seems that fifty miles or so from horizon to horizon, which amounts to about the same thing, is just about the maximum range for receiving a televised signal. Down here beneath the peak of the mountain the signal from Buffalo is harder to pick up than it would be up on top of the mountain. So we wouldn't be surprised if John suddenly moves to the top of the peak.

Now we originally planned on giving a detailed outline of just how this television stuff works, but frankly this typewriter and I just can't begin to consume the darn technical stuff that John attempted to outline to us in a way so we would understand. He was very nice about the whole thing though, and didn't hurt our feelings. However, we did learn that a television set is something definitely not to be monkeyed with by us home experts. Most of us at some time or other have "fixed" our radio sets. But warns John, don't try this on television set. Seems as how there are about two thousand volts D.C. thing around in there, so unless you are looking for a one way tick to heaven, better let somebody who knows the score look at your television set of 1950.

A television signal travels in a straight line, where a radio wave kind of sneaks around corners, and up and down and in several gets around a little better in does the television signal. A special type of antenna is required, this you can spot if you cast your eyes up over The Independent office.

The midnight oil has been burned on plenty of nights by this guy John Panson, who has about twelve years experience in radio. The complex nature of the work is enough to drive a man to drink, but piece by piece he has construc-

ted his own set that for my money is receiving every bit as well as a lot of those that haunt almost every bar in the States to-day.

John incidentally was born in Saskatchewan, worked in radio at Melfort, became coming to Hamilton eight years ago. His business here in Grimsby started two and a half years ago. A very good man when it comes to finding the squawks in your radio, it looks as if John is on the ground floor for future work in television. Laugh if you will, but—like the telephone, the radio and the automobile—television is here to stay.

### "FORT APACHE" STORY HAS BRILLIANT CAST

One of the year's most dramatic films "Fort Apache" comes to the Rosy on November 18th. With John Wayne, Henry Fonda and Shirley Temple co-starring at the head of an imposing cast, "Fort Apache" presents a striking drama of U. S. Cavalry versus the Apaches in 1870 Arizona. Wayne plays an experienced frontier officer at a lonely Army post, Fonda, an arrogant lieutenant-colonel from the East, sent to take command of the post, refuses to take Wayne's sound advice on dealing with the wily Chief Cochise. Fonda also objects to a young officer's romance with a young Apache girl, which makes him even more unpopular. When Cochise and his tribe rebel at the crookedness of an Indian agent, Fonda seizes the chance to trap the Apaches and make a name for himself in Washington. Wayne warns him that his scheme will fail, but Fonda, contemptuous of the Indian's fighting ability, goes ahead, with dramatic results. Much of the exciting action of the picture was filmed in the famous Monument Valley on the Utah-Arizona border. The climax with its savage pitched battle between a cavalry squadron and the Apache warriors, is said to be one of the most thrilling scenes ever photographed. John Agar, husband of Shirley Temple, makes his film debut as a young West Pointer. Many screen favourites are featured in the film, which John Ford directed.

Mrs. A. J. Hayward, and Jimmie, have returned home after a visit with Mr. and Mrs. C. E. Atwell, Detroit, Mich.

Mrs. J. P. McLeod, Mr. Knox McLeod, Mrs. A. Stevenson and Miss Isabel Stevenson attended the annual gathering of the Scottish Societies and Clans held on Thursday of last week at the Armouries in Hamilton.

It is only within the last few days that a large number of citizens have learned of the death in Penetang, last April, of Rev. Geo. Taylor-Munroe, former pastor of St. John's Presbyterian church, Grimsby. Mrs. Taylor-Munroe was a visitor to Grimsby last week. She is now temporarily residing in Stoney Creek but intends to settle in Grimsby as soon as she can secure suitable housing accommodation.

### Coming Events

MOTHER'S CLUB meeting will be held at the home of Mrs. Geo. Curtis, Oak St., Nov. 17th, at 2.30. All mothers welcome.

### I.O.D.E.

A very pleasant afternoon was enjoyed by members of the I.O.D.E. who gathered at the home of Mrs. L. A. Bromley, Main West, on Monday afternoon for a social get-together.

Mrs. E. A. Buckenham, Regent, gave her report on the Semi-Annual Provincial Meeting held at Peterborough recently.

A delightful lunch was served by Mrs. Erwin Phelps and her committee, Mrs. Gerald Liddle, Mrs. Harold Matchett, and Mrs. D. J. Beamer, assisted by the hostess, Mrs. L. A. Bromley. Mrs. Thos. Liddle poured tea.

### Nuptials

#### TANTON-LAWSON

A quiet wedding took place on Saturday, Nov. 6th, at 2 o'clock, in Evangel Temple, Toronto, when Florence Pearl, only daughter of Mr. and Mrs. J. W. Lawson, Grimsby, was united in marriage to Albert James Tanton, son of Mr. S. H. Tanton and the late Mrs. Tanton, Toronto. Rev. Thomas Johnston officiated.

The bride wore a deep blue suit with navy accessories and a corsage of Briarcliff roses. She was attended by her cousin, Miss Audrey Lawson, wearing navy blue crepe with matching accessories and corsage of yellow roses.

Mr. Roger Lawson, brother of the bride, was best man. A reception was held at Diane Swetits, after which the young couple left on a motor trip to Buffalo. Mr. and Mrs. Tanton will reside in Toronto.

### Card of Thanks

We wish to express our gratitude to the Grimsby Fire Department for their prompt action in putting out the fire at our home, and particularly for their care in preventing undue damage.

—Mel Emsley and family.

### LADIES AT LUNCHEON

Monday, November 8th, about one hundred ladies from Lincoln, Welland and Haldimand counties were tendered a luncheon at the Village Inn, by the Board of Governors of the Niagara Peninsula Sanatorium. These ladies are the volunteer workers for the annual Christmas Seal Sale.

A civic welcome was given by Mayor Bull. Other speakers were Warden Frank Laundry, Mr. Dorland, Dr. Shaver and Dr. Latham. Mr. Stork, vice-president of the Board of Governors, introduced the guest speaker, Mr. Coombes of St. Catharines.

The money raised by the sale of Christmas seals is used only for preventative purposes. This year a mobile unit was purchased. This unit will be in the Beamsville district this week.

The Christmas Seal Sale Committee are actively at work. Letters will be in the mail within the next few weeks. It is hoped that all who can will support this wonderful work.

### TRINITY SERVICE CLUB

The Club Treasurer gave a very worthwhile financial report at the regular meeting of the Service Club held in the Baptist Church on Tuesday afternoon. All members have been exceptionally active during the past month and the results have justified their efforts.

Mrs. Mel Johnson reported for the Rummage Sale; Mrs. Victor Catton for the Bake Sale; Mrs. Erwin Phelps for the Tea and Mrs. Carmen Millyard for the Annual Bazaar.

Mrs. Ken Baxter spoke in the absence of the Programme Convener and requested that there be a good attendance at our December meeting, which will be in the evening and in the form of a musical programme.

Mrs. T. L. Dymond brought greetings from the Women's Association and recommended that the Service Club be represented on the Women's Council of the United Church of Canada. She also intimated that there might be a new organization formed to serve the best interests of the young married women in our church, who now are neither associated with the Service Club nor the W.A.

Miss Julia Carpenter of Winona, was introduced by the President, Mrs. Russell Terry, and her subject was "Your Winter Reading." She gave interesting quotations from many current books and a short synopsis of several of the later editions. Mrs. Len Bromley expressed the appreciation of the Club to Miss Carpenter for talking on this most timely topic.

Mrs. Millyard announced that Kate Aitken of radio fame will be in Grimsby at the High School, November 22nd, in the afternoon. Tickets are available from any member of the Club and everyone, who has ever heard this interesting personality, will certainly be in attendance.

Mrs. Thos. Voigt thanked Mrs. Millyard and the members of her Ways and Means Committee for their work at the Bazaar.

Hostesses for the afternoon were Mesdames Arthur Clarke, Victor Catton, Herbert Betmer and Norman Bowers.

### Trinity W.A.

Trinity United Church Women's Association held its November meeting in the Baptist Church hall on Tuesday, Nov. 2nd. The business session of the meeting was conducted by Mrs. H. G. Harper in the absence of the president, Mrs. W. A. McNiven.

Plans were made for a Bazaar and Sale of home baking and candy to be held on Dec. 3rd, in the Baptist Church hall.

The meeting closed with the singing of Hymn number 58th.

Refreshments were served by Mrs. T. L. Dymond and her committee.

### TRINITY SERVICE CLUB BAZAAR BIG SUCCESS

Excellent weather conditions favored the second annual Bazaar of the Trinity Service Club, held in the Masonic Hall on Thursday afternoon, November 4th.

Anyone needed to merely step inside the front entrance of the Hall to see plenty of activity centred around a huge table of Baked Goods and Home-Made Candy. All members contributed very generously to this department, which was under the convener'ship of Mrs. Victor Catton. If there was ever any doubt as to the "cooking" capabilities of these ladies, those doubts would be dispelled by the display that afternoon.

Turning to the right at the top of the stairs was a room with tables placed around all four walls covered with hundreds of beautiful, useful and inexpensive articles for sale. The entire Club membership was divided into four groups at the beginning of the year and met approximately once every two weeks in the various homes. Members, who excelled in sewing, made practical things such as Children's Pajamas, Aprons, Infants Wear Towels, etc. Other ladies preferred to knit and made dozens of pairs of socks, mitts, scarves, etc. Then again, there were those who could make attractive gifts such as card-table covers, shell jewellery, felt handbags, dolls' clothing, etc. The leaders of these groups were Mesdames Ray McPherson, Burton Bentley, Gordon Cole and John Aitken. The donations of necessary material and the co-operation of everyone made these saleable articles possible.

The Club greatly appreciated a donation of several objects made of walnut, mahogany and cherry wood, such as trays, cast-iron holders, nut bowls, etc., turned out on a wood lathe by a member of our church, Mr. Samuel G. Bartlett.

Turning to the left at the head of the stairs, was a "novel" tea-room. The Social Committee convoked by Mrs. Erwin Phelps served delicious sandwiches and cake to the many patrons throughout the afternoon. We say "novel" tea-room because a visitor doesn't drink a cup of tea and admire attractive commercial displays set up by our local merchants all at the same time.

For instance, the Grimsby Mink Ranch had a display of dressed and undressed mink skins and particular interest centred around a new breed of mink called "Mutatrin."

Mrs. Chas. Farrell had a table of woollens on display and the many beautiful shades showed off to great advantage.

Mary-Lyn Sweater Shop and a Lady Byron Ready-to-Wear showed the ladies the latest in wearing apparel.

Current and Betmer had a display of Christmas toys, which must have reminded the "small fry" present that Dec. 25th is not too far away.

Green Trees showed many attractive items to the buying public.

Last, but not least, we draw your attention to a real LIVE White Rabbit beside its owner Mrs. I. Hurlbert of Winona, bus spinning on a wheel.

Space was donated by Anderson Motor Sales, the White Store and A. A. Constable.

An unique feature of this exhibition was held in an ante-room where a very attractive young lady representing Canada Packers, Toronto Division, demonstrated how "Maple Leaf" Bacon should be cooked and gave advice regarding other products sold by this Company. Samples were distributed to interested patrons.

The rooms were beautifully decorated with multi-coloured fall "mums" by Mrs. Roland Merritt, the flower convener, and her committee.

Although the Club met with splendid response and realized a tidy sum, the Ways and Means convener, Mrs. Carmen Millyard, has announced there is a surplus of articles particularly suitable for Christmas giving. Consequently, plans are being drawn up for another Bazaar to be held prior to Christmas. Watch for the announcement and take advantage of this sale of handwork.

### West Lincoln Births

Nov. 3—To Mr. and Mrs. J. B. Rummery, Grimsby, a daughter.

Nov. 3—To Mr. and Mrs. Allan Calder, Campden, a daughter.

Nov. 7—To Mr. and Mrs. D. Jones, Winona, a daughter.

Nov. 8—To Mr. and Mrs. Roy Follick, Vineland, a son.

### Coming Events

THE W.A. of Trinity United Church is holding a Bazaar and home-made bake sale in the Baptist Church parlours on Friday, Dec. 3, from 3 to 6.

### FARM FORUM NEWS

The regular weekly meeting of the forum was held at Mr. and Mrs. Alfred Bingle's home with 18 members present. Secretaries for the evening were Messrs. Geo. De Quetteville and Wm. Morison.

The topic for discussion was "Let's Go Farming." Such questions as "What is the total investment required in your district to buy a farm and equip it with stock and machinery?" and (2) "How could we help young men in our district to acquire their own farms?" were discussed by the two groups.

Next week's meeting will be held at Mr. and Mrs. Wm. Morison's—the topic "Your Father's Farm."

### NEW HEALTH CLINIC

A very successful Child Health Clinic was opened in the basement of the United Mennonite Church at Vineland on October 22nd.

The Medical Officer of Health was Dr. J. I. Jeffs and the following nurses assisted: Miss G. M. Hammer, Supervisor of Nurses; Miss H. Vohman, Chief Staff Nurse; and Public Health Nurses: Miss J. Ellis and Miss P. Wittig. There were twenty-seven babies present of which twenty-one were examined by the doctor and there were sixteen immunizations. The lady workers were Mrs. Dyck and Mrs. Kofink. Mrs. R. L. Clarke, President of the Vineland Women's Institute was also present. The

clinics will be held next month on November 26th, and also on December 21st. The St. Catharines-Lincoln Health Unit have now eleven centres, and there are now eighteen clinics per month in the county.

MISS MAY CRITTENDEN,  
Resident Staff Correspondent.  
Telephone Your News Home To Her.

Mrs. H. Marin has closed her cottage and has returned to her home in Toronto.

Mrs. Jas. Gillespie, Park Road, spent last week visiting with her daughter, Mrs. Jack Green, Toronto.

Mr. S. Seigel has moved from his lovely home on Park Road, where he has resided for many years, to London, Ont.

Mrs. A. E. Cooper is visiting her son and daughter-in-law, Mr. and Mrs. Ken Cooper, Cobourg.

Mr. and Mrs. Walter Schott and May Crittenden spent Sunday visiting Mr. and Mrs. A. Wood and family, Jerseyville.

Mrs. T. Shaw is visiting friends in Toronto.

Friends of Mr. Walter Stuhak will be glad to know that he is progressing nicely after his recent operation in West Lincoln Memorial Hospital.

Mrs. W. Bidwell and Mrs. T. Boyle left last week for a visit to their former homes in England.

**GRIMSBY BEACH WOLF CUBS**  
Here are the results of the penultimate race up to Nov. 13:

U—uniform; A—attendance; P—fees; T—tests; B—badges; T—total.

U A F T B T on Friday.

Blue Six 10 6 9 4 20 49  
Brown Six 9 7 5 5 15 44  
Yellow Six 9 7 10 11 5 43  
Red Six 3 5 10 7 0 35

Congratulations, Blue Six, those Badges did the trick. Five points for each badge, so get to work, Red and Yellow Sixes. Blue Six, watch your attendance! Don't let your Cub brothers carry the load. S.B. John G. will be taking Hans' place in the Brown Six until a new chum joins the Pack.

We are sorry to lose Hans but he will still be Cubbing in Grimsby. Good Hunting and keep up the good work, Hans.

The following passed their 2nd Star tests—Doug Young, Tasks and Message; Michael Udell and Ted Furter, Compass. Michael brought a fine mounted collection of match folders for his Collector's Badge.

Ted Furter has passed all of his 1st Star tests now, so he will be presented with his Star this week. The 1st Star Knot Test was passed by Don Nichols and Ted Furter. Ruben Ridout and Leonard Kowalski passed their Time test.

The rest of the Cub worked on Shipping, Knots and Semaphore. After the games, John G. and Hans Y. were presented with Cub spoons for the best decorated baskets on Apple Day. Hans and Charles led the Howls, backed up by eager, lusty voices. See you ALL on Friday.

**St. John's L. A.**

St. John's L.A., meeting in the church rooms, with Mrs. L. E. Larsen presiding, made plans for a Jiggs and Maggie supper in the Masonic Hall this month. Results of the competition between penny teams headed by Mrs. James Wray and Mrs. Norman McIntyre amounted to \$30 in pennies. Mrs. McIntyre's team, the losers, will provide a banquet for the winners at next month's meeting. All members will attend this banquet dressed as little girls of the gay 90's or as the modern miss, Mrs. A. Ryane and Mrs. L. E. Larsen, October's group leaders, made \$5 from a crocheting party. Mrs. A. Mermiston and Mrs. Sam Harris were appointed group leaders for November.

**Grimsby Bible Society**

The objective this year for the Grimsby Branch of the Bible Society was \$400. The grand total realized is approximately \$440. Three hundred of this amount will be used to pay for the publication of a Gospel and one hundred will pay a Colporteur. We are very grateful for the faithful and generous effort of the Collectors and the interest and support of the contributors. In addition to the above amount, a memorial gift of \$300 was mailed to the Society early in the year.

Five new language translations were completed last year making a total of 700 for the British and Foreign Bible Society. During the twelve months, 245 tons of Scriptures were exported from London; this is an increase of 75 tons over the previous year.

The parent society had last year a large balance on hand which in their pamphlet, "Without Let or Hindrance" they attribute to the great shortage of paper, lack of material for binding, and labour restrictions, but they state this surplus money will be quickly expended in two ways: one is to replace many of the worn plates that are no longer suitable for printing and the other for the provision of large type Gospels urgently needed for the millions of new readers who are now becoming literate. Japan, China, Russia, Germany and Greece are in immediate urgent need of millions of these large-type copies. Never was our shattered world in greater need of the Gospel.

**50 YEARS AGO**

(From the Spectator, Nov. of Wed., Oct. 24, 1898)

G. W. Wellington, of Grimsby, is determined that the people of Ontario shall know that sugar cane is, in this province, a sure and profitable crop. For years Mr. Wellington has been testing sugar cane in a small way, and long since became convinced by actual results that sugar cane can not only be grown here, but that this climate and soil are better adapted for the cultivation of this crop than any other in America. Yesterday Mr. Wellington showed the Spectator samples of the cane grown by George Cline, near Grimsby, and samples of the syrup made from the same cane at Mr. Wellington's factory.

**St. Andrew's W A**

Mrs. John Chambers was the recipient of a life membership in the W.A., from her fellow members of St. Andrew's Women's Auxiliary. The presentation, made by Mrs. C. H. Playle, president of the diocesan board of Hamilton, was in recognition of her many years of untiring service in the auxiliary. She also received from the members a beautiful bouquet of chrysanthemums.

At the service in the church preceding the meeting, the Rev. E. A. Brooks spoke on the history of the organization for the last 50 years. Mrs. William Leyton sang. At the parish hall members were received at the door by Mrs. E. A. Brooks and Mrs. F. J. Burton, president of St. Andrew's W.A. The address of welcome was given by Mrs. Burton and Mr. Brooks also welcomed the many guests. A film on the British Columbian coast mission was shown the speaker of the afternoon, Mrs. H. A. Leake, of Hamilton, told about her trip to Mooseonee.

Mrs. J. Unwin, the oldest member, cut the birthday cake and Mrs. G. F. Wheeler and Mrs. E. J. Croft the conveners of the tea, served from a beautifully decorated tea table. Mrs. Burton and Miss Harriett Walsh poured tea. Guests were present from Winona, Stoney Creek and Beamsville branches as well as many old members who had not been here for many years.

**PRIZE WINNERS AT  
ST. MARY'S BAZAAR**

For three great nights last week St. Mary's on the hill held a gigantic bazaar, and officials report a good attendance for each of the nights. The purpose of the bazaar is to raise funds for the upkeep of the church, and the various committees report that the people of the entire district really responded and helped make this year's bazaar the most successful ever.

Prizes totalling one hundred and fifty dollars were drawn for, and the following were holders of prize winning tickets, all of which were drawn on Saturday night, the final of the whole affair.

1. M. Krochak, Grimsby, Ticket No. 319.
2. William Labe, Grimsby, Ticket No. 3147.
3. S. Buchko, Grimsby, Ticket No. 1000.
4. Mrs. Sheremeta, Hamilton, Ticket No. 3075.
5. A. Borowsky, Grimsby, Ticket No. 434.
6. W. M. Palmer, Grimsby, Ticket No. 3537.
7. J. Lopichak, Toronto, Ticket No. 2304.
8. Mrs. Piliuchuk, Grimsby, Ticket No. 3573.
9. A. W. Eickmeier, Grimsby, Ticket No. 5374.
10. D. Lemko, Beamsville, Ticket No. 5077.

**WINONA MEN'S CLUB**

The men's club met at Winona Place when G. M. Pound, past president, turned the gavel over to the new president Douglas Watson. The chairman of the various committees outlined activities for this year. Members of the juvenile baseball team and winners of the Saltfleet league were guests. Gordon Maycock, representing the Canadian Legion, presented the Memorial Trophy to the captain of the team, Adam Dopka. Speaker of the evening was A. R. Dingman, of Toronto, former sports editor of the Vancouver Daily Province.

## (THE TRIMUVRATE)

When the cadet band comes marching on review this year, ears will prick up and eyes will turn to store. Yea, the drummers will be together, beating in unison and it will not be their fault if the buglers fail to foot together. The reason for this change is Captain Wylie, who hails from the Argyle and Sutherland band. This gentleman has distinguished himself as one of the best drummers in Canada and he is going to help anyone who is interested in learning how to play a drum properly. We all appreciate his generous help and our appreciation will show in the band's future performance on parade.

The History Club has been having meetings every week, but last week, Tuesday, the 2nd, a special meeting was held at school after the rugby game, in the form of a Pot-Luck supper. The food was delicious and there was plenty of it. The main topic of the meeting was a paper on the United States prepared and read by Catherine Morrison. The meeting adjourned at 8 o'clock and everyone was able to get home in time to prepare the next day's assignments.

During the course of the week, three rugby games were played. A Juvenile team composed of boys from first form played a similar team from Ridley. Grimsby was victorious with a score of 13-0.

On Thursday, the 4th, the Junior boys scored a 13-2 victory over the Ridley Eleven down at the Ridley campus. The game was hard, well-fought with victory coming to the deserving team.

Each Friday morning in assembly a different form takes over. Last week out elevated Grade 13 put on a skit entitled "The Witch Canoe." Our boys turned into lumberjacks for the morning and sew over houses and church steeples in a canoe to a New Year's celebration. This example of artistic talent sets a high standard for the other forms to reach. Let's hope we can do as well.

The Dramatic Club held its first meeting last Thursday after school, and presented "The Ghost Story" to its members who turned out en masse. We were all agreed that in spite of the lack of rehearsal the cast did very well. "George" in particular gave a fine performance. More plays are being cast for future dates so that each member of the Club will have his opportunity to take a part in at least one play during the year.

## COMING EVENTS

On Friday, Nov. 12th, the girls are going to have the pleasure of being escorts instead of escorted. Yea, Friday night, beginning at 8 p.m. the annual "Sadie Hawkins" dance will get under way. During the night the girls must play hostesses to the men (?) they bring. Everyone must dress in true Dog-patch style. Tickets in the shape of baby shmoos are on sale in the library at 25c a piece. When the tickets are purchased the buyer will receive a larger shmoos with which to badge the man of her choice. It should be fun, girls, so get busy!

Our Senior team is playing the team from up Saltfleet way for the first time this week. Their first encounter was on Tuesday, Nov. 9th down at Saltfleet, but at the time of going to press no report is at hand. However, the teams meet for a return game here on Friday afternoon, the 12th. Let's get out there and support the boys, students.

Nearly every morning now, strains of music float up through the halls of G.H.S. The reason for all this extra practicing for the choir is the annual Commencement coming next week on Friday night, Nov. 19th. Don't forget that date!

## Vinemount News

A congregation service will be held at St. George's Anglican Church, R.R. 1, Vinemount, on Sunday, November 14th, at 3 o'clock, with the Right Reverend L. W. Broughall, Bishop of the Diocese of Niagara, officiating. Following the laying on of hands, the Bishop will preach. There will be special music by the Junior Choirs from the four churches in Rev. Keith Kiddell's parish.

The 1st W.I. Euchre and Dance was held in the W.I. hall, Friday night with a large attendance. Mrs. Wm. Wilson and committee were in charge of refreshments booth, Mr. George Oldfield, floor manager, and Mr. Adam Reid, cashier. The following were prize winners: Door Prize, Mrs. Toni Elliott, Mr. Roy Thomas; Euchre, Mrs. Wm. Smye and Miss Isabel Watt, Hamilton; Messrs Charles Kinch and Alway Watt.

Mr. and Mrs. D. McLaren and family, Vinemount, wish to express their gratitude to the many friends

and neighbours, who gathered at their home Friday night and presented them with a beautiful tri-light lamp. Mr. and Mrs. McLaren have lived in Vinemount 18 years and will be missed by their many friends as they have sold their farm and bought a home on Miller's sideroad. Congratulations and a hearty welcome to Mr. and Mrs. Albert Aitens, newly weds, who have bought the farm.

Mr. John Purcell and son Gordon, Tweeddale, and Elmer Dwyer and Everett Hastings, Buffalo, left Monday night on a hunting trip to Raysville, Ont. Another hunting party from the district left on Friday for other northern points, consisting of Everett Jacobs, Basil Jacobs, Owen Howard, Earl Travis, E. Lampman, Arthur Bell, Lorne and George Travis.

## FLOWING MATCH

The 77th Saltfleet Ploughing Match was held on the farm of Elmer Hildreth, R.R. 1, Vinemount, with a large attendance. Messrs. Emerson and Alfred Tweedie, Caledonia, were at the match, sons of the late Richard Tweedie. Concession 7, Lot 1, where the first match was held. Incidentally the 50th anniversary was held on the same farm. The three oldest ploughmen on the grounds were Messrs. John Hildreth, in his 87th year, Ed Travis and Robert Jacobs, in their 81st year.

The following were winners: Special junior class — Gordon Packham, Calstar Centre, Alfred Dickie, Jerseyville, Emerson Green

Oswego, Cliff Parker, Fulton. First junior class — Albert Porter, Oswego, Murray Tweedie, Vinemount.

Second junior class — D'Arcy Parker, Fulton, Ollie Hill, Oshawa, George Rutka, Vinemount, Len Staff, Jordan Station.

No handling class — W. R. Van Sickle, Kingsville, Fred Stuart, Grassies, Walter Porter, Oswego. Boys under 16, open — Robert Nixon, Hagersville.

Tractor, open class — Peter McAllister, Gleanford Station, John Taylor, Freeman, Morris Bartlett, Welland, Ronald Packham, Calstar Centre, Walter Gibson, North Grimsby.

Tractor class, Saltfleet, boys under 16 — Laverne Tweedie, Tapscott, Edgar Cowland, Vinemount, Robert Staples, Tapscott.

Boys tractor class, open to 8. Westworth under 16 years — Barnett Travis, Vinemount; The Sweepstake — Gordon Packham, Calstar Centre.

Salada Tea Special, George Rutka; Imperial Oil Special, Peter McAllister.

## Ploughmen's Banquet

The Vinemount Women's Institute held a chicken supper in the W.I. hall for the Saltfleet ploughmen and friends with a large attendance. Mrs. Adam Reid and her efficient committees served supper and Mr. Elvin Cormas, Stony Creek, first vice-president, thanked the ladies for an excellent meal. H. G. Parrott, Stony Creek, chairman, introduced Frank Lennard,

M.P., who congratulated the association on its splendid work during the last 77 years. The program opened with community singing led by Gordon Dean, Fruitland. The pianist was Mrs. George Glendon. The Fruitland Ladies' Ensemble, the Misses June Agner, Florence Dwyer, Elinor Hewitson, Velma Boden and Gloria Woodford, with

Gordon Dean at the piano, gave pleasing numbers; recitation, Mrs. Clarence Lee, Fruitland; vocal solo, James Tweedie, Stony Creek, accompanied by his daughter, Joan W. Marritt, agricultural representative, gave an address on a bus trip consisting of young farm people through Ottawa and district as far east as Montreal.

## SPORTRAYAL

By "HIGH" MCGREGOR

A Senior "B" hockey group has now been definitely formed, and will be comprised of the following teams: Woodstock, Brantford, Guelph, Preston, Grimsby, Niagara Falls-Welland and St. Catharines.

A meeting held in Brantford on Monday night saw this issue settled for sure. The eighth team, Georgetown in a surprise move dropped out in favor of Intermediate "A" competition.

Jack Roxborough of the O.H.A. was present and will report to the organ, where amendments, if any, and rulings pertaining to Senior "B" will be worked out. It is quite likely that Roxborough will be the convener of this group.

A double schedule will be played, which means that each team will be playing twelve home games. With the exception of Preston and Niagara Falls-Welland, all teams will be playing on their own ice. Preston will play in the new Hespeler Arena, while the Niagara Falls-Welland crew will use the new Welland Arena as their home base. All teams in the group will have the benefit of artificial ice.

This is itself a decided advantage over past years, when some teams had to depend on natural ice.

However, one of the most important, if not the most important, singular item about the setting up of this group, is that every team will be a Senior Club. There will be no interlocking schedule, where some games amount to an exhibition tilt.

Each team will be allowed to dress fourteen men this season, as compared to thirteen last year. This would give a team four defencemen, three complete forward lines, and the goalkeeper.

Shattering news to faithful Peach King supporters is the fact that the Peach Kings will not be dressed in the famous red and white this winter. At the Brantford meeting it was discovered that four teams have red predominately dressed in their sweaters. Allowances had to be made somewhere, and the Peach Kings will henceforth be clad in blue and white, similar to the Toronto Maple Leaf sweaters.

St. Catharines will take over the red and white colors, Niagara Falls will be in maroon and gold, Brantford in gold and purple, Guelph in green or yellow, Preston in white and Woodstock in red and blue.

It is going to take a little time to get used to this change, for it has been symbolic with the name Peach Kings to make use of the red and white colors.

The schedule for November was drafted at the Brantford meeting, the remainder will be forthcoming within a few days.

Nov. 12—Guelph at St. Kitts.  
Nov. 16—Falls at St. Kitts.  
Nov. 17—Guelph at Falls (Wel.)  
Nov. 22—Preston at Guelph.  
Nov. 22—Woodstock at Brantford.  
Nov. 23—Grimsby at St. Kitts.  
Nov. 24—Brantford at Falls.  
Nov. 25—Woodstock at Preston.  
Nov. 25—Guelph at Grimsby.

The opening of the season here has been delayed as long as possible, so that officials of the arena here will have ample time to prepare a good sheet of ice.

This is that—Pop McVicar, who perpetually wears a long face when discussing his Peach Kings chances, was caught in an off moment at their first practice—the man was actually smiling. . . . Howie Duffield made a nice showing at the first practice. . . . Barry "The Rocket" Blanchard was not out, but is expected to show at the next session. . . . Fans are getting enthused over the exhibition game scheduled for next Tuesday at Welland, when the Crowland Blooms and the Kings will tangle. . . . Plans are still being worked out for the Junior "C" team to be formed here this winter. Boys from the entire district are urged to contact Bill Fisher or Norm Warner as soon as possible. Practice dates will be announced next week.

### G.H.S. JUNIORS HIT PAY DIRT AT LAST

Grimsby Juniors, after a slow start, have begun to hit pay dirt as the football season draws to a close. Down on the flat fields of Ridley on Thursday afternoon, the Grimsby squad scored a thirteen to nine victory, as Kapusty romped over the orange and black line for two major scores.

Early in the contest Jimmy Lawson and Kapusty kicked rouges, which was matched by Ridley. Then Kapusty put the locals well into the lead, a lead which was threatened late in the game, but at the final whistle the kids had the game.

This was the last day of football on the Ridley campus, and so the Grimsby team will be looking to other horizons for the remainder of the football season.

Grimsby Juniors are composed of the following: Kapusty, Walters, Lawson, Verner, Glenville, Tuer, Ellis, Smith, Christie, Symons, Brotsel, Anderson, Robinson, Wisaruk, Pyndyk, Nelles, Protowsky, and Buckingham.

WELL INSURED

There was about \$934 worth of life insurance in force for every Canadian at the end of 1946—a total of \$11,500,000,000.

## FRUIT BELTERS WILL ORGANIZE TUESDAY

The Mayor of Winona, Tommy Collins, is working industriously getting his Fruit Belt League in operation again. As per usual some centres are late in getting an entry in, but come what may next Tuesday night, the issue will be closed, and all teams that intend to play must be in attendance at the Collins residence at Winona, next Tuesday, November 16th.

So far Winona, Vineland, Stony Creek and Blinbrook have entered leaving Grimsby and Beamsville to hear from Mr. Hope and the Beaches are eager to get in this league, and will be taken in if neither Beamsville or Grimsby enter.

The Junior "C" club being formed here has made it known that they would play in this Monday night league, however, this would leave a void for the oldsters who like to get up there and bash each others skulls about the ruddy old ice. However, come what may the issue will be decided Tuesday.

## TURNING THE PAGES OF "Canada Unlimited"

In 1617, Canada's first farmer, Louis Hebert, used a scythe to reap his harvest. Working by hand, he could barely provide enough grain to supply his own family.

The pioneer farmer and his sons, with their one horse, worked long and hard to grow enough food for their own use.

In 1852, farmer Daniel Massey made the first mower in Canada. Later Alanson Harris designed the reaper. Their combined efforts in 1891 helped develop the wheatland of the West.

The introduction, in 1910, of the combine, made it possible to reap and thresh 25 acres a day. Now, one man with modern equipment can cut and thresh 50 acres a day.

It is Canadian people and Canadian machines that prove... there's room to grow in Canada Unlimited.

## SPORTOLOGY

(By Bones Livingston, Sportologist)

**POLITICS AND HORSE RACING**—Readers who have been wont to bet on classic horse races in the past, will fully appreciate this furlong description of the Presidential race in the United States by a New York columnist: "Tom Dewey, fractious at gate, away fast but met with early interference; threatened again at far turn but couldn't get up in the closing. Harry T. off smartly, held to the pace for first few furlongs, came on under the whip and displayed rare courage in amazing stretch run winning on courage alone. Thoroughbred, thousand-to-one shot, outclassed all the way. Hank W., facing wrong way when barrier was sprung, sulked all the way and came in far behind the field; may have broken down."

**THE LEAVES ARE FALLING**—Let 'em fall, where they may, just like the chips from this columnist's typewriter. . . . Snowflakes are just around the corner. So is hockey. From the crowd's seat it looks like a great winner for the PEACH KINGS and a greater winter for the followers of Canada's wonderful winter pastime. OLD TOM WARNER just can't hardly wait. He has already got 22 sweaters dug out of the moth balls. . . . MIKE SWEET, able trainer of the KINGS has been laid up the past two weeks with muscular rheumatism. . . . DOMOTHY JANE says that from now until the first of next May she does not expect to see very much of OLD POP. In fact she is considering the idea of joining the ranks of the widows. . . . A week ago Tuesday night this scribe was on the air over C.K.T.R. with REK STIMERS on the Sports Quiz program sponsored by the Westworth Radio and Supply Co. There is a panel of four "expert" experts on this program every Tuesday night at eight o'clock. Send in three questions and the answers to Rex and you will hear the gumpsters try to answer the questions over the air. Allan Baisley had three queries on the program last Tuesday night that had three members of the panel hog-tied but fortunately this columnist was able to come through. It's a good program. Listen in. . . . Already the PEACH QUEENS are experiencing a fine bowling season. Games are hotly contested and some smart scores are being hung up. Our LITTLE MARY MORTON is back to the pin toppling wars and holding the high game record of 334. ORETA KELLERBORN has crashed into the ranks of top scorers and holds the high average at 208 and the high triple at 710. . . . DON RICHES has at last hit his big time sports column. In the October issue of CANADIAN SPORTS DIGEST he has a fairly lengthy story detailing the sports history of the Sportologist of this column. This story will be reprinted in The Independent in the very near future. . . . Elsewhere in this paper will be found complete details regarding the new Senior "B" O.H.A. grouping. There are six other towns in the pot with the PEACH KINGS, all with artificial ice. The schedule of games for November is also published. The balance of the schedule for the season will be worked out next week. PEACH KINGS play their first game in St. Catharines on Tuesday the 23rd with the first home game being on Friday night the 26th with Guelph being the opposing team. Let's go, boys.

## McVICAR HAS A HOST OF MEN TO PICK PEACH KINGS FROM

Well, the weeks of gazing into crystal balls to try and visualize just what Coach Pop McVicar had lined up for the 1948-49 Peach Kings is all over. Over the weekend most of the potential starters for the Kings hit the ice at the Barton Street Arena, and considering that for a lot of them, it was their first turn on skates this fall—we looked, and liked it very much.

There can be no doubt but what McVicar has lined up a potentially strong Senior "B" team and there can also be no doubt but what it will have to be strong if they are to hold their own against the seven other centres represented.

It is much too early to attempt to list the boys who will be McVicar's final selections to sport the red and white around the circuit this winter. But one thing certain is that it will be a club comprised of players quite capable of playing Senior calibre hockey.

Plenty of familiar faces were on hand for this first scrimmage, including Art Welbourn, Pud Reid, Mush Miller, Howie Duffield, Jack Clancy, Russ Hann, Bill Hutchison, Bunn Glass, Bill Buckley and Johnny Hale. Not so familiar were fellows like Pete Souter, Ted Hoyle, Hughie Barlow, Denny Leeson, Ted Manorek, Sunny Dunham and others.

It is very unfortunate that practice sessions are so difficult to book, and so all eyes are turned to the local arena here which may be ready to open with a week or ten days. The real job of selecting will have to be done here, and with the season raring to go, the sooner the arena opens the better off the Kings will be.

Considered as one of the most heady players around these parts, is Hughie Barlow, a young star at centre. Barlow, a former star with the Hamilton Tigres Kings, is a terrific asset. . . . Now are few and far between, and should be teamed together. Souter and Dunham, that certainly would make a terrific scoring combination.

A young goalie who starred with last year's Hamilton Aerovox, Denny Leeson was on hand, and it is not hard to ascertain why he was such a standout with this great team of Pinky Lewis.

It was good to see Russ Hann and Bill Hutchison back in Peach King garb, and neither of these two boys, who played on the Intermediate "B" champs of two years ago, have lost a bit of their spirit and dash.

With the schedule due to open this Friday night in St. Catharines, the obstacle that faces the Kings is the lack of practice time they will have had before they are expected to play their first league game. Most of the other teams

have been practicing now for weeks, so what will happen early in the schedule is anybody's guess.

The Kings have signed up for an exhibition game in Welland against the Crownland Blues on the 16th. A large contingent from this area is expected to follow the Kings there to see these two rivals of last year settle their grudge. The men of Turnoski have been practicing for some time now, so will have a jump in that department. However, the Kings will be going all out to smear these farmers from the township, and it should be a terrific contest.

## G.H.S. SENIORS SCORE OVER RIDLEY SENIORS

The Senior squad of G.H.S. suffered an eighteen to two reverse at the hands of the Ridley seconds, but even the Ridley officials expressed amazement that this high school squad should make such a good showing against some of the best from the College.

The score was one of those scores that by no means gives a true indication of the play, for all agree that the Grimsby line was slightly terrific in holding the charging orange of black—the same boys that play Upper Canada and other College teams. It was the backfield that had trouble with the Ridley team, and a couple of costly fumbles made all the difference in the world.

Ridley's Walton picked up a Grimsby fumble on an attempted long lateral, and carried the ball for eighty yards for the first major score. A short flat pass over the centre gave them a repeater, while the locals picked up two singles on Millard's kicking.

Ridley constantly found that attempts through the centre could be compared with hitting a stone wall, and the usual ground tactics used by them failed, so that they took to the air, and were successful—with a couple of miscues by the locals contributing considerably.

On the Ridley lineup appears the name of Steve Hooper, a Grimsby boy holding down a berth on the second squad. Steve was the Lions lifeguard at the Beach this last summer.

Principal Don Aulsebrook announced after the game that a series with Dundas would be in the making this week. Negotiations seemed to have broken down with Seasideville, and it is not likely that these two rivals will clash again this fall.

Robinson Crusoe should have been content on that island. He didn't have to worry about parking meters.

## HANDS AT WORK...

LEARNING AERO ENGINE AND AIRFRAME MECHANICS

**ONTARIO'S** products are desired and purchased by people all over the world and the capacity to produce such goods largely determines the economic welfare of every man, woman and child within her borders. Because the sale of every article produced in Ontario brings valuable dollars into this Province, we all are more assured of job security . . . and we and our children can have more of the better things in life. To produce such goods in sufficient quantities, skilled labour is vital. That is why every single one of us should be glad that war veterans are constantly being trained to provide the skilled hands so needed by industry. Veterans receive ON THE JOB training under expert instructors in our Ontario factories.

This training, proved through the co-operation of the Department of Veterans' Affairs, the Federal Department of Labour and the Ontario Department of Education, starts veterans off on the road to skilled craftsmanship. Taught to use their hands in great aero engine and airframe work, both on military and civilian aircraft, these veterans may qualify for a Department of Transport license, authorizing them to declare aircraft airworthy. In aircraft manufacturing plants the opportunity to apply their talents and training. Their efforts will help to make Ontario a place in which to live and will contribute to the welfare and happiness of all citizens.

THE BWING INDUSTRY (ONTARIO)

## AERO ENGINE MECHANICS

H. Perry, 25, of Oshawa, Ontario, a Canadian Army veteran, is shown making an adjustment to the engine of a Cub Trainer. Students work on various types of aircraft ranging from the Cub Trainer to multiple engine military aircraft. Many veterans, trained as ground crew specialists during the war, have chosen to take post-war training in this occupation for which they are particularly suited. For them the transition to peacetime employment has been easier.

## LOOKS LIKE A HEAVY WINTER FOR MINOR HOCKEY LEAGUES

What's a cooking in minor hockey? Well, starting right at the bottom, William Nelles dropped in the office the other day, and intimated that he would again be looking after the Lions Saturday morning league. This outfit is one of the most important phases of hockey education we are fortunate enough in having, and we are indeed happy to hear that the kids will have this medium of showing their stuff again this winter.

Jumping up one step into midgeet ranks, we find this department absolutely barren at this time. Last year's Midgeet team will not function, unless some person or organization wishes to take the job on. Many boys of midgeet age are badly in need of good coaching, and we still have hopes of someone taking out a midgeet team to represent the district in the O.M.H.A. this winter.

From Winona comes news of three juvenile teams being formed, a meeting will be held at Ken Clark's next Monday night, at which all parties interested in forming a juvenile league are urged to attend. So far, Stoney Creek, Fruitland and Winona have entered and Tommy Collins is desirous of getting a couple of entries from this eastern section. Beamsville is a possibility, but nothing concrete can be gleaned at this time.

It would appear that Wednesday night will be Minor Hockey Night in Grimsby this winter. Three hours of hockey would be provided every Wednesday with the juvenile outfit competing against each other. There is also a possibility that these juveniles would play in a group against the Junior "C" team. This department endorses this idea heartily, much more so than seeing the Juniors play in the Fruit Belt, which should be kept

exclusively for the older and shall we say more "rough and ready" hockey enthusiasts.

Speaking of the Juniors, plans were discussed for the formation of this team on Monday night, and Glen Stierling stated that a drive for players is now in effect. Boys are urged to contact Bill Fisher or Normie Warner about the qualifications for this entry.

That just about cleans up the hockey developments for this week, and it is a certainty that after a lengthy absence minor hockey is finally coming back into its own.

## SALTFLY TAKE G.H.S. BY BOX CAR SCORE

Saltfleet High senior football squad, a speedy bunch of lads, who have won four of their six starts this fall, Tuesday handed the Grimsby Seniors their worst defeat of the season, winning by a lopsided twenty to nothing score.

Although the locals were without the services of two of their regular line men, their defeat resulted as a result of their continuous aerial attack. As fast as Grimsby threw passes, the speedy backfield of Saltfleet intercepted, and romped for terrific gains on nearly every occasion. Their major scores resulted almost entirely from intercepted passes. Making use of their speed, the winners deepened largely on end runs and short passes, giving up the idea of plunging through the heavy G.H.S. line in the first quarter.

The locals appeared to forget about plunges also, and with their weight advantage, this was the logical method of progress they should have adopted.

The first quarter went scoreless, but in the second, Saltfleet intercepted the first of a series of Grimsby passes, resulting in a converted major score. Minutes later Millyard was caught behind his own line, making it tight to nothing at the half.

Although the locals were beaten by a better team on this day, Saltfleet is not comparable to the Ridley squad, against which the locals put up such a good show. It was simply a case of poor strategy plus some most inexperienced officiating that saw the locals take their worst beating of the year.

The Creek really opened up in

the third quarter, intercepting at least five passes, and ran the score up to twenty to nothing, which eventually turned out to be the final count. Anyway you look at it, it was a bad day for the red and black, in the third quarter Lorne Lindenmeyer hard, and received a broken nose. Ted Gayosky was also injured, suffering an elbow injury.

At press time no date has been set for a return match, but this department will give odds that the locals can hand the lighter Saltfleet squad a reverse, if they keep away from the aerial stuff, which was their absolute downfall in the first game.

## CONTINUATIONS

From Page One

**GRIMSBY STILL**

was necessary to meet the quota. The 6.30 to 7.30 cut is expected to help the Village reach their quota, and it likely will continue as long as deemed necessary.

The sale of gasoline, coal oil and any other kind of lamp that is on the market has been terrific in Beamsville, and it is estimated that a few stores have spent as high as seventy-five dollars on lighting equipment, in order to give late shoppers a chance to purchase provisions. For one hour after dark the town is blacked out completely, and only meagre glows of candlelight flicker through windows.

Theatre goers will find the box office opening a half hour later. The management have set up an emergency lighting system, and will seat patrons after seven o'clock. The first show will commence as soon as the power goes on at 7.30.

## DECORATION SERVICES

Chetwynd, President.

The parade then moved on to the Plot of Remembrance in the cemetery where decoration services were conducted. Rev. E. A. Griffith of Trinity United Church made the address and led in prayer. Col. G. R. Chetwynd, announced the names of the comrades buried in the plot while the ladies of the I.O.O.F. placed the crosses. Names of all veterans buried in family plots in the cemetery were read out.

The grave of PFC. Jack W. VanDyke, United States Army, was decorated with the little wooden cross and a small silk American flag. The last resting place of Honorary Comrade Beattie K. Moore was decorated with a large wreath of Poppies.

Last Post was sounded by Sergt. Wally Phipps.

After the decoration service the parade moved back to the Roxy Theatre where the annual Dedication and Memorial Service was held. Ministers of all Grimsby churches took part in the service. The Roll of Honor was read by Col. G. R. Chetwynd and Last Post was again sounded by Sergt. Wally Phipps.

We bring these bright red poppies

Some soldier's grave to crown,

In memory of some brave young life

So willingly laid down.

**AT ST. ANDREW'S**

On Sunday morning the annual decoration services were held at St. Andrew's church and the graves in the churchyard decorated. Wreaths were placed upon the cenotaph in the churchyard as follows:

Town of Grimsby—Mr. G. G. Bourne.

St. Andrew's Church—West Lincoln Branch, Canadian Legion—Colonel G. R. Chetwynd. Names of fallen members of the church were read by Charles Mason, G. E. R. Cotterell and R. C. Walters.

**AT BEAMSVILLE**

This morning at Beamsville impressive ceremonies were held in front of the Cenotaph. The parade headed by the Beamsville Citizens' Band moved off from the corner of King and Mountain streets at 10.40 sharp, and proceeded east on King street to a point and then paraded back to the Cenotaph.

**NURSERY STOCK**

In the parade were the Municipal Councils of Beamsville Village, Clinton and Louth Townships; Color Party of West Lincoln, branch 127, and members of the Canadian Legion, ex-service men and women of the army, navy and air force; High School Cadets Bugle Band and the High School Cadets; Public school pupils; Boy Scouts, Girl Guides, Lions Club; Chambers of Commerce and citizens.

At the Cenotaph the various divisions formed a square around the commemorative monument and a most impressive service was held. Two minutes silence was observed at precisely 11 o'clock as the church bells tolled. Wreaths were laid.

On the return the parade marched west on King street to West avenue and returned to King and Mountain streets taking the "eyes right" salute as the various bodies passed the Cenotaph.

**"SITTING PRETTY" IS BEST COMEDY OF YEAR**

In "Sitting Pretty" which opens at the Roxy on Monday, Nov. 15th, 20th Century-Fox has come up with a rare and rollicking screen treat. Originality is the keynote of this hit, originality that doesn't take off on a flight of fantasy, but, instead, has its roots in a down-to-earth problem and its hilarious complications with which every family is familiar. That problem is the universal one of getting a reliable baby-sitter. The story of "Sitting Pretty" is that of a reasonable successful young couple, Harry and Tacey King, whose recurring difficulties in finding baby-sitters for their three obstreperous offspring, finally inspire them to advertise for a resident sitter. The result proves more than they bargained for as the ad is answered

**TEACHERS STAY PUT**

City school teachers in Canada stay on one job for an average of ten years; rural school teachers move from one school to another or out of teaching altogether every two years or less.

by a sophisticated gentleman, one Belvedere, who immediately takes over the entire household—completely, and with devastating results. The new baby-sitter, wondrously efficient in a startling sort of way, is also a man of mystery. It is his stubbornly secret and odd extra activities, and the aplomb with which he insinuates himself into the family life, that leads to one of the most hilarious "triangle" situations the screen has known, and finally throws the entire community into an uproarious tumult. Robert Young, Maureen O'Hara and Clifton Webb are the stars of "Sitting Pretty" which in brief, is a grand picture, one for the entire family to see, to enjoy and to love.

### Grassie News

The Ladies' Aid will be held at the home of Mrs. Wm. Hilberg, on Wednesday, Nov. 3rd.

Friends of Mr. Chas. Book will be glad to hear that he is improving nicely after his operation in the Hamilton General Hospital.

Mrs. Ted Ball has recently returned from visiting her parents at Nova Scotia.

Mrs. Chas. Hyatt has been visiting with her sons at Bancroft.

Mr. and Mrs. Chas. Vickers and family were Sunday supper guests of Mrs. Lottie Walker. It was Mrs. Vickers' birthday.

Mrs. Clifford Walker and other members of O.E. Leaf Rebekah Lodge accompanied Mrs. Peter Robertson to the installation of Golden Rule Rebekah Lodge at Hamilton Monday evening.

Mr. and Mrs. Clifford Walker attended the installation of the Odd Fellows Tuesday evening. This is the first open house the Odd-fellows have had for a number of years. I am sure this interested all who was able to be present.

## Stuff Round Town

By GORD McGREGOR

The best stuff we've got here in Grimsby is what most other centres ain't! The swell co-operation of industry, and an apparent will of the domestic users to fight off power interruptions has paid off with good dividends. Granted the working man here is effected in some cases, due to the staggered hours now in effect, but the inconvenience now being experienced by the majority of Ontario centres overhadows this slight re-arrangement many times over.

Ye Editor recently appeared on a sports quiz on a local radio station, and natch was the hit of the evening's performance. Now one question fired at the board of experts pertained to a championship fight in which Jess Willard was defeated. The question was—how many times was Willard knocked down in the first round. Bones whipped right back with the answer, "Once!" he exclaimed, "and I should know, I was there."

"That's the wrong answer," replied the quiz master.

Finally the panel agreed that Willard clawed the canvas seven times.

"Yeah, but he just went down once... to stay," came back the answer from our Mr. Livingston.

Yesterday the editor received two spoils of nylon fishing line from the sponsor of the show. The question which now has the presses stopped here is: will Livingston take up fishing? And if not... is the line (twenty pound test) strong enough to hold his rollicking widows from scampering about the country. Don't miss the solution to this burning question. Egad, what a crisis!

Down in Beamsville the Lions Club are sponsoring a baby contest, and the winners will be announced on Saturday night, in conjunction with a terrific show now being whipped up by local actors, singers and stuff like that there. The Directress who has the undivided attention of several local men... purely on a business basis, of course, is busy getting the two night show lined up for this Friday and Saturday. The Community Hall will be the scene of this show, which is packed full of laughs, as local people attempt to impersonate radio, screen and stage personalities. Think you might get a kick out of the proceedings, and, of course, the proceeds are used for the swell work done by the Lions.

Well what's new, In the October issue of Sports Digest, a Canadian publication, a story written about Bones Livingston by Don Riches appeared. For some reason or other neither the author nor his subject learned of the story until the first week in November. By this time all copies had disappeared from the newsstands. Bones first found out about it when a lady told him on Main Street. The air was just a bit blue back here at the office, but we finally procured a couple of copies and everybody will when he is reimbursed for a fine he happy... including the author effort.

The deer hunters have departed for the wild stretches of the north, where they hope to pick up some meat at more reasonable prices. Hope they have better luck than a friend of mine did. My pal Leo, a former resident of the north, and an experienced hunter recently returned with absolutely nothing.

Now this was a fine thing in view of the fact that we had expected to have a nice roast of venison presented to us.

"What was the trouble, Leo?" we asked in a shocked tone.

"By golly, she was bad up there, rain, rain, everyday she rain," replied our man, now demoted to hunter third class.

"But surely you didn't just sit around inside just because it was wet," we asked.

"Well, ah, you see, er, we had a, that is, we kinda just sat around and..."

"Say no more, sir, we understand!"

Many a man has one foot in the grave when he is stepping too heavily on the gas pedal.

## BREVITIES

### EVENTS and TOPICS of the WEEK in TABLOID .....

High School Commencement, Friday, November 19th.

Chief of Police James made his first arrest on Monday afternoon. It was that perpetual drunk "Red Mike."

There is a new brand of canned peaches on the market, put out by Grimsby Food Products Co. of Hamilton. This brand is known as "Fruit Belt Brand Peaches."

Don Riches of Grimsby Beach, a former free lance writer on The Independent, and Don Dixon, have accepted positions on the staff of the Russell T. Kelley Advertising Agency in Hamilton.

Township Council will not meet in regular session on Saturday, owing to some of the members being in the north country deer hunting. The next meeting will be Saturday afternoon, November 20th.

One of the smallest navigation areas in the world in the lower Niagara River above the Whirlpool Rapids closed on Sunday. The Maids of the Mist brought their season to an end with an estimated 75,000 persons having viewed the falls from their decks.

After a busy year up to the end of September, property transfers in St. Catharines took a decided slump during October. Assessment Commissioner Martin Laird, remarking that it was the lowest October figures since 1939, said that 66 transfers for a consideration of \$333,006 were entered and 13 for the sum of \$1.

## NEWS FROM THE GRIMSBY LIBRARY

Fifteen years ago Harvey Allen wrote "Anthony Adverse," a book which caused as much sensation then as "Forever Amber" did a decade later. After resting on his laurels for ten years, Mr. Allen started a series of novels based on American history, he first of these is "The Forest and the Fort"; the second, "Bedford Village"; the third, "Toward the Morning" has just been published. All three are in your Library. We suggest you take them in sequence.

"The Burnished Blade" by Lawrence Schoonover came in to-day. Another historical novel with plenty of action.

For those who prefer lighter reading we have just received over a hundred new romances and mysteries.

Shall Johnny study piano or violin? Or maybe he'll settle for the harmonica. Before you decide in which channel of musical education to launch your child be sure and read our book "Music for Your Child" by William Krevit. It even tells how to make him practice without sitting over him with a shotgun.

Since we started the Record Library the first of May, over a thousand records have been borrowed. During that time we have not had to charge for one single record nor has there been a single record broken by any borrower. This is a remarkable record and we are very grateful to our borrowers for their serious care.

In 1926 the rate of natural increase in Canada was 13.3 per 1,000 population. It decreased in the 1930's but in 1946 it stood at 17.3.

## REAL ESTATE

Paul Miller has sold his house and lot on Oak street to Norman Smith.

The following properties were sold recently by Harvey Garand, representative for A. E. LePage, Realtor.

The 8-room house and 1/2 lot of Miss Winifred Congdon, No. 8 Highway east to Mr. W. F. Lawry of Timmins.

The 24 acre fruit farm of Walter Rumus and Anton Krymowski, north of Beamsville, to K. J. Twarda of Montreal.

## Obituary

E. M. BARTLETT

Edgar M. Bartlett, 61 Cathart Street, a resident of Hamilton for the last 20 years, died at the General Hospital last Friday in his 76th year.

Born in Calator Township, he farmed there for a number of years before he moved to Hamilton. He was a member of Bethel United Church. His wife, the former Nettie Little, died in 1928.

Surviving are two sons, Willis, of Grimsby, and Harold, of Hamilton; a daughter, Ruby, of this city; and a sister, Mrs. Jennie Neville, of Grimsby.

Funeral services were held on Monday afternoon. Interment was in Merritt Settlement Cemetery.

MRS. (REV.) A. J. IRWIN

Toronto, Nov. 3.—The mother of W. A. Irwin, editor of Maclean's magazine, died to-day just two days after the death of Mr. Irwin's wife, Jean.

Mrs. Alexander James Irwin, 76, was the former Amelia J. Harnard. Her husband, Rev. A. J. Irwin, is a former editor of the Temperance Advocate and was secretary of the Canadian Temperance Federation from 1928-45.

As a pioneer Methodist minister's wife, Mrs. Irwin was active in church work in many parts of Ontario.

She was born in Drumbo, Ont., the daughter of Rev. and Mrs. Richard Harnard. She was married in Orangeville, Ont. She took part in church activities in Winnipeg and in Ontario communities including Waterdown, Grimsby, Oakville and Mount Forest. She came to Toronto in 1927 when Dr. Irwin was appointed secretary of the Ontario Temperance Federation. Her death followed an illness of more than two years.

Surviving besides her husband are a daughter, Mrs. Frank Spence of Toronto; three sons, W. Arthur Irwin, of Toronto; Arnold of London, Ont., and Harold of Hamilton; and two brothers, Dr. R. E. Harnard of Los Angeles and Harry G. Harnard of Tilbury, Ontario.

## LEGION JOTTINGS

WEST LINCOLN BRANCH,  
NO. 127

A busy weekend is over, and we are told very successfully. Poppy Day, thanks to the spirit of the citizens was a success, but the organizers lacked "taggers." It really is surprising the apathy displayed by so many of our young people. Main Street was full of rosters but not many helpers. Almost before we opened on Saturday, Mr. L. G. McBride bought our first Poppy. Our thanks to all our taggers and to Mrs. R. C. Walters and Mrs. C. Mason of the Ladies Auxiliary, and Comrades George Shepherd and Gordon Cook.

The sale of wreaths went well, but a drive should be made next year to include every house in the district. The Veterans' Factory must be maintained.

The Executive Committee met last night in preparation for the monthly general meeting, which will be held on Wednesday, November 17th, when Comrade Percy Haines, Zone Commander of our Zone will be with us.

Decoration Day Services are being reported elsewhere in this paper, but we would like to take this opportunity to express our thanks for the close co-operation between the I.O.O.F., our Auxiliary and ourselves.

His Majesty the King has expressed the wish that all flags shall fly at the mast head on Remembrance Day.

## RESEARCH WORKERS

The National Research Council, founded in 1916 to conduct research on problems of national scientific interest, had a staff of 2300—half of them scientists—in November, 1947.
